Daan van der Poel
Game Developer

ABOUT ME

My name is Daan van der Poel. I am 19 years old and currently studying game development at Graphic Lyceum Utrecht. I am now in my third year. My hobbies are gaming and scuba diving. I like to make games because I enjoy make people happy. And for me gaming with friends is one of the most fun things to do.

Skills:

I have **two and a half years** of experience working with the **Unity engine** and **C#**. I know **scrum** and have been the scrum master on three projects. I also have experience with **Github**. I am reliable and will always put the full 100% of my energy into my work.
